Blue Water Child Advocacy Center**

BE A STAR FOR KIDS SAKE

Each year, only during the months of September and October in connection with the Community Roof-Sit for Kids, the St. Clair County Child Abuse/Neglect Council offers a unique opportunity for donors to help support our prevention and child advocacy efforts.

Personalized stars (four and six inch) will be permanently displayed in our building's family waiting area. The silver stars will be part of an attractive star-burst design and may be personalized with the donor's name or special wording.

THE STARS

Four inch: \$150.00

Six inch: \$250.00

Color: Silver/Brushed

PREVENTION

For Kids Sake

The St. Clair County Child Abuse/Neglect Council has presented child abuse PREVENTION education throughout our county since 1986.

A generation of area children has experienced Babylonian Encounter, Just The Facts, Personal Boundaries Training, Internet Safety programming, Never Shake a Baby workshops and much more as our first class prevention specialists have educated thousands of kids in entertaining, yet to the point, personal safety information.

Our commitment to the prevention of child abuse remains strong and we are determined to expand our offerings in the future. We are confident that our caring community endorses prevention efforts as a priority in support of our shared belief that...

to be a Child"**

ADVOCACY

For Kids Sake

The Blue Water Area Child Advocacy Center, a program of the St. Clair County Child Abuse/Neglect Council, keeps alleged child sexual abuse victims at the center of a coordinated, child-sensitive interview process and helps ease the pain of this tragic situation.

The hallmark of our center is strict attention to the needs of children. It is designed as a safe place for children to be heard and ensures that they are not further victimized by the systems designed to protect them.

The result is that a child tells his or her story just one time to a trained professional in a caring atmosphere. The CAC team takes it from there and the healing begins.

The Blue Water Child Advocacy Center began operation in December 2007. The Forensic Interviewer now conducts an average of three or more interviews each week. The center operates at no cost to the professionals requesting interviews and is supported by the donations and monetary gifts of a caring community.
